LIFETIME MOLDED FIBERGLASS HULL

Same type durable molded fiberglass and plastic materials used in the famous Marine battle body armor, sports car bodies, "glass" fishing rods and innumerable other tough uses. Impervious to rot, rust or corrosion. Hauled out of the water, it will not dry out, check, crack or warp. Any occasional repair is easy as patching an inner tube, with standard materials readily available nationally at marine dealers.

SUBSTANTIAL CONSTRUCTION

Armor tough, one piece, pressure molded fiberglass hull with full size genuine Philippine Mahogany structure to give adequate strength and lightest possible weight for recommended power and use of every model. Brass and bronze fastened for salt water durability. Genuine Dow Styrofoam flotation in protected locations.

MAGNIFICENT PERFORMANCE

All models are thoroughly safety tested and proven designs developed for optimum maneuverability, comfort and rough water ability.

MINIMUM HULL UPKEEP

Smooth inside and out, the hull is as easily cleaned and kept clean as your car or modern refrigerator. Permanent, molded through color eliminates the need for annual or mid-season haul-out and scraping, sanding, caulking or painting.

STANDOUT BEAUTY

Glamorous color combinations with the eye appealing warmth and loveliness of gleaming Philippine Mahogany decks and trim in choice of natural, natural and blonde tu-tone, or white grained ebony plus the permanent sparkle of molded through color hulls in turquoise, flamingo or green.

14' HOLIDAY

MOST GLAMOROUS

Style leader of the line, the Holiday is specifically planned for "up front" driving. The buoyant cruiser style bow design will carry 3 or 4 in the front seat. Its exclusive "Sea V" bottom produces a "feather bed" ride plus completely safe, "own length", full throttle turns. Terrific buy.

Fleetcraft
14' SPECIAL

BIG UTILITY

For the economy minded — a lighter and less expensive version of the Holiday hull. For bay fishing or general utility use where generous freeboard and beam are desirable. The lighter weight will produce better performance than the Holiday with smaller motors. Large, economy size.

WICKBORN MARINE SERVICE
ROUTE 46 & FLYING DUTCHMAN ST.
CALDWELL, N. J. PHONE CA 6-2872

CUTE AND SPORTY

A smaller but no less able quality companion to the 14' Holiday. Here is a great little conventional runabout to have around your lakeside or bayside cottage for economical and sporty performance with the medium sized motors. To the young in heart — an instant hit in its class.

Fleetcraft
12' SPORTSTER

MAN'S BEST FRIEND

Named Pal because it goes along on top of the car — less trailer problems — and is easily carried by two men at that out of the way fishing spot. Also swell for the kids to ride all day long with a small motor. To the yachtsman it doubles as a tender. Light, durable, low cost.
